G2

The diagram shows a right-angled triangle with its hypotenuse sloping downwards from left to right. A dashed line extends from the top vertex of the triangle to the right, and another dashed line extends from the bottom vertex upwards and to the right, creating a larger triangle. A small vertical tick mark is located near the top vertex of the original triangle.

E3

The diagram shows a trapezoid with a dashed diagonal line from the top-left vertex to the bottom-right vertex. A solid line extends from the top-left vertex to the right, ending at a horizontal dashed line. A circle contains the text "E3".

rudenko-anna.ru

A diagram showing a circle with a dot at its center labeled "F3". A vertical line passes through the center of the circle. Two diagonal lines extend from the center point downwards and to the left and right respectively, forming a V-shape.

F3

G3

The diagram shows a trapezoid with a dashed line segment drawn from the top-right vertex to the bottom horizontal base. This dashed line is perpendicular to the base, creating a right angle at the point where it meets the base.
